

Name: Jeff Hatch

Office: Salt Lake County Auditor

District: n/a

E-mail address: jeffhatchauditor@gmail.com

Website: www.hatchforauditor.com

Age: 63

Occupation: Salt Lake County Auditor

Residence: Salt Lake City UT

Years at residence: 39

Qualifications:

My experience in business ownership, financial management and public service prepared me for the challenges facing the Salt Lake County Auditor's office. But my qualification is best proved by my record in office:

- ✓ Leadership modernizing County tax and financial computer systems
- ✓ Audit techniques developed to assure your tax dollars are used correctly and save you money
- ✓ Better financial tools for managers
- ✓ Greater transparency for the public to see how costs relate to service

I earned a Bachelor's degree from Stanford and an MBA and MS in Journalism from Columbia University before joining a family-owned business, serving as Chief Financial Officer managing media properties (KALL, KUTV and the Ogden Standard Examiner) and real estate.

Public service is a core value. At KUTV, I initiated the formation of Project 2000 which evolved into Envision Utah. I am proud of the successful projects like Blueprint Jordan River, Wasatch Canyons Tomorrow, Wasatch Choices 2040 and the 1998 Envision Utah Quality Growth Scenarios which have played such a significant role in the "smart" growth of Salt Lake County. I also served 8 years as Trustee of Southern Utah University, and have supported Pioneer Craft House as Chairman and Director.
